

Mounting Instructions For Part 020-1806 Deluxe Cooler Rack Bag

1. Insert cord through hole of retaining clip (Image 1).
2. Run cord through hole in cooler rack and then through retaining clip and pull tight (Image 2). Tie knot in loose end of cord to prevent slipping (Image 3).
3. Run cord over cooler bag and through additional holes in cooler rack in Z pattern.
4. Install 2nd retaining clip onto cord after passing through last hole in cooler rack.

Note: Additional retaining clips are provided in the event of loss or damage.
